

25X1X8

29 June 1956

Memorandum for: The Director

1. This memorandum is for your information.
2. On 27 June the Senate passed the bill for the restoration of bomb damage to the Vatican in the same amount as it passed the House (\$964,199.35). This means that the authorizing legislation is ready for the President's signature. There must be appropriation action, however, before any payments can be made.
